The MSUB12 sub is an arrayable sub designed for high technology applications.

**Main features**
- High power, arrayable sub that can be stacked or flown, with or without its companion main element the GEO M6.
- Integrated rigging hardware.
- Available in Touring or Installation versions, with custom colour options.
- Front and rear connectivity for cardioid (front to back) implementation.
- Comprehensive range of versatile, multifunction accessories for deploying the MSUB12 in a wide variety of applications.

**Advanced NEXO technology included**
Using a high efficiency bass-reflex design, the NEXO MSUB12 features a long excursion 12 inch Neodymium driver precisely tuned to match the frequency response of the GEO M6.

The result is a particularly articulate low end with a very high output level for its size.

**Cardioid implementation**
Easy to deploy in Omni mode, the MSUB12 also accommodates cardioid implementation either in stacked or flown configurations.

The front and back rigging system are compatible so the MSUB12 can be implemented ‘front to back’.

Connectivity is repeated on each side, making it easy to remove cables from audience view.

NEXO’s acclaimed simulation software NS-1 takes care of precise simulation of any MSUB12 configurations to predict audience coverage and rejection at the back.

**Installation and Touring versions**
Further versatility is assured by the availability of two versions.
**MSUB12 WITH NEXO PROCESSING**

| Component | 1 x 12" 6 Ohms long excursion Neodymium driver |
| Connectors (Touring version) | 4 x NL4, 4 poles connectors (1+/-: MSUB12 / 2+/-: Through) |
| Connectors (Install version) | 1 x Cable gland with 2 cores cables |
| Rigging points | Rigging compatible with MSUB12 and GEOM6 Bumper (BUMPM6) |
| Construction | Baltic Birch Plywood |
| Finish | Black or White structural paint |
| Front Finish | UV Resistant acoustic fabric fitted Magnelis® front grill |
| Operating temperature range | 0°C - 40 °C (32°F - 104°F) |
| Storage temperature range | -20 °C - 60 °C (-4°F - 140°F) |
| Height x Width x Depth | 433mm x 396mm x 550mm (17.0" x 15.6" x 21.7") |
| Weight: Net | 23 kg / 51 lbs |

**SYSTEM OPERATION**

- **Recommended powering solution**
  - NXAMP4x1mk2 Powered TDcontroller: up to 2 x MSUB12 per channel
- **Optional powering solution**
  - DTDcontroller + DTDAMP4x1.3: 1 x MSUB12 per channel
  - NXAMP4x2mk2 Powered TDcontroller: up to 3 x MSUB12 per channel
  - NXAMP4x4mk2 Powered TDcontroller: up to 3 x MSUB12 per channel

---

**LIMITED WARRANTY**

NEXO loudspeakers and electronics are covered against defects in workmanship or materials for a period of five (5) years from the original date of purchase. At the option of NEXO the defective item will be repaired/replaced with no charge for materials/labour. The item is to be adequately packaged and dispatched, pre-paid, to a NEXO authorized distributor/service centre. Unauthorised repair shall void the warranty. The NEXO warranty does not cover cosmetics or finish and does not apply to any items which in NEXO’s opinion have failed due to used abuse, accidents, modifications or any type of misuse. All images and text herein are the property of NEXO SA, and deemed accurate, although specifications are subject to change without notice.
