

NEW

P12

THE POINT SOURCE LOUDSPEAKER PERFECTED

- 138dB Peak SPL*
- Multiple directivity inside a box
- Quick release grille
- Magnetic flanges
- 20kg

* With NEXO NXAMP4X2MK2 Powered Controller, measured at 1 meter in passive mode. L15 subwoofer also available.

VARIABLE
COVERAGE

Variable coverage makes P12 a uniquely flexible wedge monitor, allowing it to be asymmetrical or symmetrical. Less than a minute is all it takes to remove the grille and change the horn insert.

Thinking. Inside the box.
