

NEXO STM Line Arrays Do Justice At World DJ Festival

Korea's high-profile World DJ Festival is another stellar live event making good use of NEXO's STM Series modular line array systems. The EDM festival is held in the Song-Am sports complex stadium in Chuncheon City, and this year was headlined by French DJ Justice.

Now one of the biggest outdoor events in Asia, the Festival lasts two days, running until 4am with a capacity of 90,000 EDM fans. The event was previously held in Yang-Pyeong, but moved to Song-Am stadium in the famous nature and leisure resort of Gangwon province for the first time.

Rental company Way Audio is the regular audio service provider for the World DJ

festival, and once again chose to deploy a large NEXO STM Series PA, using main arrays of 18x STM M46 mains and 18x STM B112 bass cabinets per side, together with 16x S118 subbass flown behind each main array.

A DiGiCo SD10 is at front-of-house.

The DJ artist line-up was sourced from all over the world. As well as headliner Justice, the roster included DJ Snake, Julian

Spectacular stage monitoring was delivered by STM groundstacks, each comprising a S118 sub with 3x STM M28 cabinets on top. Front-fill is provided by 14x NEXO PS15 cabinets.
